## CIRCULAR

### PLANTATION DRIVE -"EK PED MAA KE NAAM"

*"The greatest threat to our planet is the belief that someone else will save it."*

*– Robert Swan*

Dear Parent,

A lifetime can witness immense changes in our planet, for better or worse. However, we can restore balance through individual efforts. The steps we take in the coming decade will shape the planet's trajectory for the next century.

Under the initiative **"EK PED MAA KE NAAM"** led by the Hon'ble Prime Minister, St Vivekanand Public School, Sadabad, is launching a Plantation Campaign **from 1 July to 11 July, 2025**, to create green zones and combat global warming and climate change.

We anticipate each one of you to help us plant, protect, and restore greenery by planting and adopting a tree. Students from Classes Pre-Primary to XII can volunteer to bring a potted healthy sapling to the school as per the given schedule.

#### CLASS

Nr and Prep  
I & III  
II & IV  
V & VI  
VII & VIII  
IX & X  
XI & XII

#### DATE

1.07.2025  
2.07.2025  
3.07.2025  
4.07.2025  
5.07.2025  
7.07.2025  
10.07.2025

Students can select their buddy tree from the list of trees mentioned below:

#### List of Trees:

- Trees generating most oxygen: Peepal Tree, Philkhan Tree, Banyan Tree, Amaltas Tree, Jamun Tree, Ashok Tree, Harsingar Tree, Red Champa Tree, Mor Pankhi Tree.
- Best trees to plant near your House: Lemon Tree, Guava Tree, Curry Tree, Bael Tree, Drumstick Tree, Semal Tree, Pomegranate Tree, Chiku Tree, Amwala Tree.

We hope you will motivate students to engage in our effort to nurture environmentally conscious citizens. This experience will help them make informed decisions about conserving our natural resources. To ensure Earth remains habitable, everyone must take responsibility for its improvement.

**Let's Combat the Climate Change Jointly!**
